

LISA Academy-West Middle School Reading List

LISA Academy encourages the continuation of active learning through the summer months. Towards this, each LISA student must read two required works of literature and annotate them over the summer. Teachers will review each novel or play with their classes in the fall.

Each student is expected to purchase, read and annotate the two assigned works for summer reading. Middle school students should annotate setting, plot, characters, and conflict.

6th

Out of the Dust by Karen Hesse

The Secret Garden by Frances Hodgson Burnett
