PARKING LOT TRAFFIC

Parents and Guardians please do **not** pick up or drop off a student in the front parking lot. We are emphasizing this matter for the safety of our students. Middle school students should be picked up curbside, in the front of our school, and high school students should be picked up in the back of our school. We need your help to keep our students safe! Also, please be mindful of our handicap parking spaces. If you do not have a handicap permit you should not park in that space. Thank you for your cooperation.

HOME VISIT PROGRAMS

Many families have already participated. We extend our gratitude to them for opening their doors to us. This program was established to promote greater communication and involvement between parents, students, and teachers. The one time, annual home visit lasts around 15-30 minutes and fosters better relations that extend back to the school setting to enhance learning. The program keeps our teachers busy but we value our students and their families. If you have not had a home visit this year, please consider one and call our school office to schedule.

MANDATORY MATH AND ENGLISH TUTORING

Students who were notified should return their notification letter to the school office with a parent's signature. Parents please make note the office can not page your child for check out during tutoring hours. Normally, students should report to aftercare. Middle school after care is in our cafeteria and high school after care is in the modular building. Please talk with your child each afternoon to find out if the student will not be reporting to aftercare due to a make-up test or tutoring. Also, please plan to allow your child to stay the full hour for the mandatory tutoring.

LOST AND FOUND

Our lost and found is overflowing. Tell your students to look for their items. We have a few important items in our school office please stop by to ask or identify items.

SCIENCE FAIR DUE DATES

The science fair due dates are posted on our school web-page. Please log on and click your student's grade level for detailed instructions.
